

CHURCH PLANTING THROUGH CHURCH MULTIPLICATION

Our heart is to see families grow in Christ through the local church. We have served as pastor in NY and have been involved in church planting in Nicaragua since 2005.

Our goal is to see local churches in Latin America become Great Commission Churches. This means they are capable of planting New Testament local churches in their country and around the world. To this end we are creating Great Commission partnerships that will facilitate a shared vision of the expansion of the Gospel through the establishment of new churches.

MINISTRY MILESTONES

2005-2009 Gage Chapel: Dan & Eirana had the privilege of discipling new believers as Dan served as pastor

2009-2012: Building support team & partnerships to serve in Nicaragua. Dan & Eirana studied Spanish in Costa Rica for one year before arriving in Nicaragua.

2013-Present: Dan & Eirana helped to plant Grace Baptist Church (La Gracia) in Nicaragua. La Gracia has great national leadership and we look forward to an ongoing relationship with them as the church grows. Dan has been involved in training & mentoring nationals to go out to plant other churches. As a couple, they have had many opportunities to encourage, teach, and disciple others in the four years they served in Nicaragua.

SERVANT LEADERS

The local church is central to accomplishing the mission of God. He has established the centrality of the local church as the crucial piece to reaching a lost world. Charles Spurgeon stated it clearly when he said, "The church is the world's hope! As Christ is the hope of the church, so the church is the hope of the world".

Many churches never recognize their role as central to God's plan in the world. There are many places in the world today where there is a lack of infrastructure and resources for the local church to be able to fulfill its mission in the Great Commission's call to plant churches. For this reason many churches in places such as Latin America never see a new church born out of their community of faith.

*Servant Leaders exists to partner with the local church to **Mentor, Mobilize and Multiply** its ministry and leadership potential.*

*Our **vision** is for local churches to take the primary responsibility for the **mentoring** and **mobilization** of its members, resulting in a healthy local church, capable of **multiplication** through the sending out of **servant leaders** to launch **new churches**.*

SERVANT LEADERS PARTNERSHIPS

Servant Leaders Exists to partner with the local church to Mentor, Mobilize and Multiply its ministry and leadership potential. We do this through three types of partnerships.

Church To Church Great Commission Partnerships. These partnerships consist of two churches coming together for the purpose of fulfilling the Great Commission together. This happens through sharing of resources and personnel to encourage and mobilize the church. We have successfully created partnerships between churches in the US with churches in Latin America, churches in South America with churches in Central America as well as church to church partnerships within the USA.

1. Resource Partnerships

The Resource Partnership exists to support local churches with the materials, courses and seminars that Servant Leaders has made available for ministry and leadership training. We make these materials available at no charge through our three websites in English, Spanish and Portuguese.

2. Mobilization Partnerships

The Mobilization Partnership exists to equip local churches through onsite and web based mentoring and training. The goal is to assist the church in unleashing men and women into ministry and leadership within their church. Upon fulfilling this objective the church can move forward in accomplishing the following three goals:

- a. To strengthen the existing church
- b. To plant new local churches
- c. To send out missionaries.

3. Pioneer Partnerships

The Pioneer Partnership provides an on site Servant Leaders Missionary to work along side local church leadership in order to assist them in successfully reproducing themselves in the form of a new local church plant.

Dan & Eirana's Ministry Accountability

1. **Sending Church:** The Local Church is the New Testament authority over all ministry. The Doyle family acts under the authority of Gage Chapel Community Church as an extension of their ministry.
2. **Servant Leaders Tactical Team:** A leadership team of 5 partnership local church pastors and missionaries provide oversight to Servant Leaders and the Doyle family. This team meets at different levels weekly to oversee operational and strategic decisions that occur on a day to day basis.
3. **Servant Leaders Strategic Team:** A leadership team of partnering churches and missionaries provide oversight to the mission of Servant Leaders. They help to provide accountability to the Doyle family as well as overall Servant Leaders Ministries leadership of areas such as finance and direction. This team meets twice a year.
4. **Partnering Churches:** The Doyle family is responsible to continually report to their partnering churches. Partnering church pastors will be given a strategic plan that will be both measurable and practical for each year.
