## **Mentoring & Teaching in Gualaceo, Cuenca, Chillanes, Nicaragua**

I love to say that “God is building His church.” It’s biblical (Matt. 16. 18)! But we’re watching it happen as well. I have the privilege of connecting, visiting, teaching, mentoring several people through Ecuador and Nicaragua.

Cesar & Sonía are leading a group of people toward a church re-plant in Gualaceo. Dan has the opportunity to walk with Cesar as he works through steps of leading this work and establishing this body as a church. We have recently had the opportunity to team-teach “Processing Life Biblically” for the people there. This was an introduction to Servant Leaders and the mentorship process.

Pepe & Maritza have been leading a church plant in Cuenca for the last few years. This church, La Luz, continues to grow and is need of more accommodating facilities. We’re excited to be with Pepe & Maritza for a couple weeks in the States in September! We hope you’ll get a chance to meet them.

Stalin & Jessica are continuing to visit and disciple the people in Chillanes. Luis, from Chillanes, told me he and his wife were growing so much as they learned a new perspective on marriage from the Word of God.

**We have had a unique ministry of counseling and helping churches restore people to fellowship or ministry. Praise the Lord for continuing to work!**

## **Visa**

Please pray for our visas. Dan was denied a permanent visa just days before we left Ecuador. We have been in contact with the Ecuador Consulate in Chicago to see if we can get a permanent visa for Eirana and have Dan and the family qualify under her. You can imagine the time, money and stress this causes. Please pray for God provision in this.

**God provided ALL that Audra needed to work at camp this summer! Thank you for giving and praying for her!**

### EMA

We just finished our third Ethnos Missions Academy. The first was in Germany (2019), the second in Ecuador (2021) and the third in Costa Rica. God brought 25 students from Nicaragua, Costa Rica, Ecuador, Mexico, and the USA to learn about missions. God is raising up an army of young people to be sent from Latin America to all the world!

### Nicaragua

We are amazed to see young people responding to the Lord in Nicaragua. God is using Alex & Lorena Soto to lead the work there. We are privileged to walk with this young family and continue to mentor them in ministry and family. Alex is raising a pastoral team to continue to lead the work that is being established when they eventually move on to another ministry.

### Family

We arrived back in the USA July 24, just in time to see our daughters, Eva & Annika, graduate from Word of Life Bible Institute. They will be heading for their second year in Schroon Lake, NY at the end of August while Audra attends her first year in Florida. In the mean time, we have the opportunity to spend a little time together and with family. We are not able to visit so many churches this time as we are only hear a couple months. We'll be in the following churches:

Gage Chapel (Home Church), First Baptist-Dunkirk, NY, First Baptist-Hamburg, NY, First Baptist-Mayville, NY, Calvary Baptist-Massena, NY.

We also have a couple of unique opportunities. Eirana will be sharing with the ladies at a luncheon at Odosagih Bible Conference on August 8. Then we are sharing at the **Theofam Conference**, sponsored by First Baptist Church-Hamburg, NY on Sept. 14-16.

Perhaps we can see you at one of these churches or conference

We are thankful for how God has always provided. Our support has decreased over the last couple years. We would like to invite you to participate with us in missions.
