To the US and back to Ecuador

We're thankful for a couple months back in the States. We were able to spend some time with family, get our girls back to school, renew visas, visit a few churches and share in some unique ways.

We always enjoy being with FBC-Hamburg, NY. We were able to stay in their mission house and participate in church life there. Dan spoke about Hospitality at their family conference in September. This was such a blessed time to fellowship together!

We arrived back in Ecuador November 1 and jumped right into a pastor's retreat, in partnership with Summit en Español out of Raleigh, NC. What a great blessing to have Pastor Raudel come back again and minister to our team and pastors we work with.

Eva is studying in second year at WOLBI and enjoying serving in a local church near by. This Spring, she will go to Quebec, Canada on a missions trip. She needs \$167 to reach 100%!

Annika competed with the Cross Country Team during her second year. Their purpose is to compete and share Christ with their competitors. She will go to Romania on a missions trip this Spring. God has provided 100% of her need!

Audra tried out for the music team at WOLBI, FL. She is playing piano and will go on tour during Spring Break.

Visas

It's always an adventure to try to get visas. After Daniel's visa being denied in Ecuador on a technicality, we were able to connect with the consulate in Chicago and get a visa for Eirana. Through that, the rest of the family was able to get visas and come back to Ecuador legally!

Missions & Internships

Servant Leaders is in partnership with several churches to host local church and international internships. **Cristina** (right) is one who has a two year internship.

She is working with her church in Cuenca to be sent to Spain as their first missionary! We are thrilled to be walking with Cristina and her church through this process! We are thrilled to see the church in Latin America take next steps in missions.

Yossi (left) is a doctor who is finishing a one year internship in Nicaragua. What a blessing that these two have been able to use medicine to serve the Lord together on missions trips.

Ruben is halfway into his internship. He is completing 6 months in Costa Rica and will finish the last part in his home country of Nicaragua. He is praying about serving as a pastor/church planter back in Nicaragua.

Martin had a good paying job. He knew his life was not fulfilled and began meeting with Alex, who leads the team in Nicaragua. Martin gave his life to Christ and began to grow. He quit his job when they required him to work on Sundays and miss church.

Martin went to EMA in Costa Rica to learn more about missions this last July. Martin came back and expressed a desire to pursue ministry and missions. He's now started a formal internship in partnership with his church in Nicaragua and Servant Leaders. We thank the Lord for providing the funds through CBC-Yorkshire to accomplish this!

We are thankful for how God has always provided. Our support has decreased over the last couple years. We are looking to increase our monthly partners and would like to invite you to participate with us in missions.
