
Still Waiting

In January 2020, we scheduled 26 churches to visit, not knowing that things would dramatically change just a couple months later. Many churches closed down or changed service platforms. We weren't sure we'd be able to visit our supporting churches. By the end of 2020, we have visited 26 churches!

Dan teaching the Gospel Centered Church

Now we are waiting for our documents to come in for our visas.

We continue to wait for 3 documents to be returned with the apostille, so we can request visas from Ecuador. All government offices are way behind and taking longer. We simply are waiting for the necessary documents so we can move back to Ecuador.

Christmas Candlelight

In the mean time, we are serving with local churches, preaching and mentoring where we have opportunity.

We finished an Old Testament Survey Class with 5 students from Nicaragua. We were able to do all that online. What a blessing to see these students grow.

Enjoying snow with church family

Dan is helping Alex to grow as a mentor in these classes. We're excited to see God provide for him and Lorena as they raise support to serve with SLI.

Dan is traveling to Costa Rica, Jan 12-19th, to gather with the Latin America team and lay out a strategy for 2021. Please pray as ministry has been challenging in Latin American

Eirana continues to homeschool the girls. Eva & Annika will complete their high school assignments by the end of the school year! Also, they both were able to get their driver's permits and are now learning to drive!

Celebrating Christmas!

All the girls are developing their art skills and love to make things for people.
